

APPL Inc Incremental Sampling Considerations

908 North Temperance Ave. ▽ Clovis, CA 93611 ▽ Phone 559-275-2175 ▽ Fax 559-275-4422

Step 1: Sample Drying

Step 2: Sample Sieving

Step 3: Sample Grinding

Step 4: Incremental Sampling

- **Container Type:** 1 Gallon re-seal plastic bag
- **Volume Needed:** 1 kg (~1/3 plastic bag) \$35 surcharge per each Kg > 1.5 kg dried and sieved weight
- **Drying Time:** Additional processing time may be required for soils with high moisture content
- **Special Requests (Please notify lab for the following)**
 - MS/MSD and Lab Triplicates: Designate on COC. No additional volume needed
 - LCS - PE Sample: Please notify lab 3 weeks prior to order certified reference material for pre-grind spikes
 - Mechanical Grinder Blanks: For projects requiring individual or composite sand blanks between each sample
 - Mechanical Grinding Time: For special projects requiring 5 x 60s grind cycles
 - Mortar and Pestle Grinding: Available upon request for projects with metals considerations
 - Photos: For special projects requiring pre and post grind photos
