RE: Guam EPA Drinking Water Laboratory Certification

Hafa Adai Ms. Zusman;

Buenas yan Saluda. Guam Environmental Protection Agency (Guam EPA) is pleased to grant your facility and qualified personnel "certification through reciprocity" (Certificate No. 23-010r) for the parameters and methods listed in the certificate. This is based on the review of submitted documents namely; Illinois Environmental Laboratory Accreditation Program (IELAP) which is NELAP recognized, Illinois assessment report performed on August 23, 2022, Quality Assurance Manual, Standard Operating Procedures (SOPs), and proficiency testing (PT) results.

This letter serves as notice that your facility and qualified personnel are allowed to perform analysis for Guam originated samples under the Guam Safe Drinking Water Act (Title 10 Guam Code Annotated Chapter 53 Section 53104) and the National Primary Drinking Water Regulation (NPDWR, 40 CFR 141).

This certification is valid from July 5, 2023 to July 5, 2024. Maintenance of your status of certification is contingent upon your successful analysis of PT samples and the maintenance of your state's certification. Please be reminded that you must inform Guam EPA of any major change in your equipment/methods, key personnel, and facility location within 30 days.

Dângkolu na si Yu'us ma'åse'.

Senseramente,

Michelle C. R. Lastimoza
Acting Administrator

cc: Brian Bearden, Chief Engineer

LABORATORY CERTIFICATION

This certification by reciprocity is hereby issued to

SUBURBAN LABORATORIES, Inc.

1950 S. Batavia Ave. Ste. 150, Geneva, IL 60134

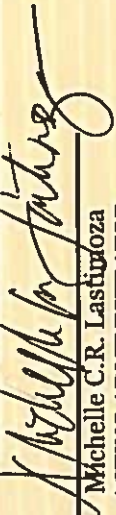

And through reciprocity, grants the aforementioned as a

CERTIFIED LABORATORY

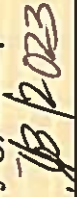

In accordance with the Guam Safe Drinking Water Act and requirements specified in the Manual for Certification of Laboratories Analyzing Drinking Water, 5th ed.

This certification is non-transferable and conditioned upon the holder observing the government code of Guam and all rules, regulations and orders of the Guam Environmental Protection Agency. No person shall willfully deface, alter, forge, counterfeit or falsify this certification. Any such activity shall cause the immediate revocation of certification. The renewal application for this certification shall be submitted to the Guam Environmental Protection Agency a minimum of sixty (60) calendar days prior to the expiration date. This certificate must be displayed at location of operation.

THIS CERTIFICATE SHALL EXPIRE ON July 5, 2024
